

# Practical machine learning: working with text

---

Fabian Pedregosa

November 7, 2017

UC Berkeley

# Announcements

- Reminder: final evaluation ~~November 28th~~ 1st of December 10am.
- Next lecture: Generative adversarial networks (GANs) by Federico Vaggi (Amazon Seattle). Followed by QA.
- Round of updates...

# Today's lecture

- Word embedding
- Using pre-trained networks
- Recurrent Neural Networks
- Material in Github: [https://github.com/ds1212017/lecture\\_9](https://github.com/ds1212017/lecture_9)
